The National Child
Traumatic Stress Network

The National Child Traumatic Stress Network (NCTSN)

- Established by Congress in 2000 as part of the Children's Health Act to raise the standard of care and increase access to services for traumatized children, families, and communities
- Funded through SAMHSA and coordinated by the UCLA-Duke University National Center for Child Traumatic Stress
- Grantees include hospitals, universities, and community based programs that are involved in training, service delivery, product development, data collection and evaluation, and public policy and awareness efforts

The National Child Traumatic Stress Network

The National Child Traumatic Stress Network (NCTSN)

The NCTSN works to accomplish its mission by:

- Providing clinical services
- Developing and disseminating new interventions and resource materials
- Offering education and training programs
- Collaborating with established systems of care
- Engaging in data collection and evaluation
- Informing public policy and awareness efforts
