

MASSRY PRIZE 2016

The 2016 Massry Prize is being awarded to a trio of scientists for their research on Optogenetics, a technology that utilizes light to control cells in living tissues. This year's Massry prize is being awarded to Drs. Miesenböck, Hegemann and Deisseroth.

**October 20, 2016
1:30 pm - 3:00 pm**

*Refreshments will be served
from 1:00pm-1:30pm*

Order of Speakers:

Gero Miesenböck
Peter Hegemann
Karl Deisseroth

Mayer Auditorium
1975 Zonal Ave. 1st Floor
Los Angeles, CA 90033

Keck School of
Medicine of **USC**

Gero Miesenböck, MD

Waynflete Professor

Department of Physiology

Director

Center for Neural Circuits & Behavior
Oxford, United Kingdom

Lecture: **“Lighting Up the Brain”**

Peter Hegemann, PhD

Professor

Department of Experimental Physics
Humboldt University
Berlin, Germany

Lecture: **“The Cunning of Uncertainty”**

Karl Deisseroth, MD, PhD

D.H. Chen Professor

Department of Bioengineering and of
Psychiatry & Behavioral Sciences
Stanford University
Howard Hughes Medical Institute

Lecture: **“Integrated brainwide structural
and functional analysis”**

*All faculty, staff and students are
welcome to attend.*
